dynamic amazing
dignity fabulous impressive
beautiful sacrifice
glorious fantastic tolerance
exciting terrific delicious
integrity cool considerate
phenomenal laughing funny
sharing humility loving
energetic smiling captivating
justice encouraging mercy
gracious faithful important
supporting delightful thankful
hard-working tremendous

The aims of our curriculum:

- We aim to be like Jesus the teacher, where all children learn to be good, inquisitive learners, capable of making our world a better place. Like Jesus our shepherd, no child will be left behind.
- We want our children to know more and remember more
- We aim to provide our children with a broad curriculum, rich with cultural capital.
- We aim to teach what is required from the National Curriculum as a minimum.
- We aim to create a curriculum that is teachable, clear and practical where possible.
- We want all of our children to progress so that they can tell us about their own progression in learning.
- We want our children to be able to tell us why they are learning what they are learning.

“Therefore go and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit.”
Matthew 28:19

Our Curriculum Drivers:

Catholic Social Teaching

Our Resilience

Our Community

Sustainability

Diversity and inclusion

For homework, the children are going to create a Seesaw talent show. They are going to record themselves doing their God-Given Talent and publish it on Seesaw to share their talent with our Community, as God asked us to do.

We will be brave and courageous, sharing our talents isn't always easy!

Our teachers will share their talents too.

We are going to audit our classroom to find out things that are 'used'. From rubbish to energy, we will consider how our classroom is organised so that we:

- Reduce waste
- Reuse resources
- Recycle

We will make systems for our class that can be used all year to reduce our carbon footprint.

We will label our class and produce a sustainability policy so that anyone using our room can be involved.

We will create personal profiles, introducing ourselves to anyone that visits our classroom

We will focus on characteristics that make us unique, not things that are the same as others

Mission Week:

As members of the St. Peter's Family, we will:

- Revisit our school Mission, so that we know why we are here and what we are striving to achieve at school this year.
- Remember the words that we used to describe our perfect school. We will think about ways that we can achieve this in practice.
- We will remember the Gospel values given to us by Christ
- We will create a class code of conduct which aligns with our mission of putting Jesus at the heart of everything that we do.
- Our focus will be how we are made in the image and likeness of God. We will think about the person God wants us to be and how we can fulfil our potential, using our talents and skills.

As scientists we will:

- Recognise that living things produce offspring of the same kind, but normally offspring vary and are not identical to their parents.

As writers we will:

- We will write prayers, thanking God for the talents we have been given and asking Him to help us use them.
- We will write a list of the class rules so that we know what is expected of us as we go through the year.
- We will write captions below our artwork to explain what we have created and why.

As artists we will:

- Study the art of anatomy, focusing particularly on the work of Durer.
- We will use printing to create our own works, inspired by Durer, focussing on 'Prayer hands' as our inspiration.
